

June 15, 2017

Family and Friends,

T minus 288 hours until blastoff. Literally!

“Coach, so why are we driving up to Omaha?” One of our young man inquisitively asks.

“We need to become experts of our fireworks and how to operate the cash register,” I answer while driving to Omaha on May 31.

Driving along I-29, the conversations continue centering around: Death, eternity, money, sex, and the gospel. These meaningful exchanges continue to blossom and give us purpose as coaches.

If you didn’t know, Freedom Hoops will sell fireworks at 3909 Mission Road in Kansas City, Kan., from June 27 to July 4.

This fireworks stand provides the following opportunities: 1) Develop work ethic and business skills for our urban youth, 2) Increase exposure for Freedom Hoops, and 3) Raise money to engage and disciple our urban youth.

Mike Ware and Hometown Fireworks equipped us with the right training for our stand which will open June 27-July 4 at 3909 Mission Road in Kansas City, Kan.

We loved the training which included setup of the stand, learning our product, the cash register, and practicing excellent customer service. What an experience we had! We hope to see you at the fireworks stand in a couple of weeks!

Please email or call if you are interested in knowing how you can help. We are grateful for your prayers for deep impact in my life and our urban youth!
